5 Day Hunting Red Stag Package Ankara Tour

Anatolian Red Stag is also named as “Mid-eastern Red Stag” (cervus elaphus maral). Turkish Red stag is strong as the European one, partly even stronger. Old stags might have antler weights of 11 to 14 kilogram, with 300-350 kg body weight. Exceptionally strong ones are also possible as the areas are opened to hunting for the first time after many years and areas are promising wonderful trophies. Rutting time depends on the area however; these amazing bulls mainly have the rut around mid-September thru mid-October. Get ready to enjoy with Hunting tour of us.
