ITINERARY

Day 1 : DAILY APHRODISIAS TOUR FROM CESME

Lunch Included

In morning pick you up from your hotel and depart to Aphrodisias Ancient City. The ancient city of Aphrodisias is one of the most important archaeological sites of the Greek and Roman periods in Turkey. Aphrodisias lies in the Maeander River basin, in a fertile valley 100 miles southeast of the port of Izmir. Famous for its sanctuary of Aphrodite, the city's patron goddess, Aphrodisias enjoyed a long and prosperous existence from the first century B.C. through the sixth century A.D. Today, many of the city's ancient monuments remain standing, and excavations have unearthed numerous fine marble statues and other artifacts.
The great beauty and extraordinary preservation of this site combine to bring the civic culture of the Graeco-Roman world vividly to life.
Aphrodisias occupies a pre-eminent place in the study of sculpture in the Roman world. Its quarries and its sculpture workshops made it a major art centre, famous for the creativity and technical skill of its sculptors. Aphrodisias has one of the very few known and systematically excavated sculpture workshops of the Roman Empire, which provides a fuller understanding of the production of marble sculpture than anywhere else in the Roman world.
Around 15:00 – 16.00 we will depart back to Cesme and drop back to your hotel. We hope your tour was a memorable one and we look forward to seeing you in the future on another our Turkey Tour. Have a safe trip back home and thanks for choosing us.
