## ITINERARY

### Day 1 : DAILY SUBMARINE NEMO EXCURSION TOUR

Welcome to Turkey. Meet with our staff and transfer to our 1-hour submarine ride from Antalya. Each person has a seat in front of large windows in the submarine which showcases the underwater world off the coast of Antalya. Hear commentary from the guide on a submarine tour that allows you to go underwater without getting wet. Hotel pickup and drop-off included. Descend into the Mediterranean Sea in a submarine, see fish and ships from below the water's surface.

Tourist submarines are the only tool capable of providing direct contact with the underwater world for many people. You can visit the depths of the sea from Mice Island (Mouse Island) at Antalya in comfort with our experienced pilot and crew. Our guests will receive a briefing about 20 minutes before the dive, the briefing will take place in our office just near the submarine.

During the tour, our guide will make disclosures about diving and underwater features of our submarine to you in a pleasant environment. Before and after the dive, our guests have the opportunity to shop in our gift shop, drinks and light snacks are available at the NEMO Café. The diving experience will take 1-hour and will end at the same place we started from, in Marina. NEMO has extensive glazing, high ceilings distance (180 cm) which have been specially designed for a water submarine for underwater navigation. The spacious cabin is equipped with 2 air-conditioning. Passengers will not experience any inconvenience regarding atmospheric pressure inside and will be protected.

People with enough physical condition of all ages can dive with us to explore the underwater beauty of our submarine. Children must be at least 90 cm tall.
