ITINERARY

Day 1 : DAILY WEST BINGOL TOUR

We will pick up you from your hotel and start your city tour. Buba Chimneys, the village of Oguldere is a town known mostly for the short fairy chimneys that top a number of the hills surrounding it. The brilliant green valley from the new town to the old is well worth exploring as it runs between fairy chimney-topped hills and up to the ruins of the old town where there are a couple cave homes, natural caves, as well as pasture land full of livestock. The entire area is quite picturesque and holds some great hidden gems. Cicektepe Village Cave, Bingol is quite rich in terms of naturally formed caves. Cicektepe Village Cave is one of the rare areas that bears the marks of ancient settlements. The cave consists of two rooms and a gallery, and its walls bear the traces of the past. Kigi Castle located in the southeastern part of the city center, the castle is a well-preserved historical monument. The site is an attraction for tourists with its wall embellishments that resemble the medieval architecture and is waiting for you with its structure founded in the middle of steep rocks. Its proximity to the river, which is known as "Fairy Water" and the longest river in the region, gives an opportunity to visit the river as well.

Kalkanli Village Cave is famous for its engraved adornments and the structure is formed by being carved into natural rocks. The cave has a natural and historical beauty with its adornments. After tour we drop you back to your hotel.

We hope your tour was a memorable one and we look forward to seeing you in the future on another our Turkey Tour again. Have a safe trip back home and thanks for choosing us.
