Standing out with its deep-rooted history, Hakkari is important with its mosques, castles and palaces.

The first in our city tour of Hakkari; Hakkari Meydan Madrasa, which was built in the 18th century by the double-winged and winged, open courtyard madrasahs built by ?brahim Bey, the son of Izzetin, one of the regional administrators, will be visited. The madrasa draws attention with its monumental structure showing smooth cut stone work, its smooth plan, its two-storey courtyard courtyard, its prayer room and its rooms, the decorations on its door and the column headers inside it. It is the only monumental structure of Hakkâri that has survived to the present day, preserving its original structure. ?emdinli Stone Bridge and Kayme Palace will be other places to see.

Now it is time to go to the plateaus around Hakkari. Seyithan Lake is similar to the lakes between the peaks of the Cilolar in a collapse near the summit in the northwest direction of Bercelan Plateau. It takes its source from the snow next to it and from the white cold springs. The lake has a beautiful appearance with its clear and azure color. Day 3 : Hakkari Cooking Lesson & Shopping Tour

Breakfast and Lunch Included

After breakfast, we take our guests from the hotel and depart to a local restaurant for your professional cooking lesson. You participate in your first Turkish cooking lesson:

Hakkari is a city located on the east of the Eastern Anatolia Region, surrounded by mountains on 4 sides. It has Iraq in the south and Iran in the east. The highest point is Cilo Mountain with its height reaching 4150 meters. Border trade and livestock are the city's economy. The local people provide their livelihood with the natural foods and hand weavings produced.

The Gulul soup, which we can describe as yogurt soup, includes green lentils and cut dough. The main ingredient of the Finger kebab, which has a Yuksekova flavor, is eggplant cut in the form of a finger. It can be surprising with a variety of spices. Keshkek, one of the famous tastes of Hakkari, is a dish you can find in almost every local restaurant. Its main ingredients are red meat and wheat. Tandir bread, a bread cooked on a wood fire, is famous for keeping it fresh for a long time. Serving by heating on the stove increases taste pleasure. Jajik is one of the flavors that are often prepared in the city. Prepared with yoghurt and grated cucumber, this delicious snack becomes legendary with the addition of some garlic. In Hakkari, small chopped cabbage pickles are called soup. Chorti vaccine is a nutritious and delicious meal prepared from boiled wheat, soup, hot pepper pickles and boned meats.

The Hakkari-style Doleme dish includes plenty of zucchini, broken rice and minced meat. The minced meat mixed with rice is rolled into large circles and turned into meatballs, and when combined with the coarsely cut pumpkin, it becomes a delicious juicy dish. For those who want to try both a satisfying and delicious taste, Chevirmeli Pilav is one of the dishes we recommend. Firstly, bird head and various vegetables are added to the bottom of the pan, and then roasted grain rice. It is a Lalaped, Hakkari-style dumpling that looks like our bite-like dessert. The dough prepared from ingredients such as butter, yogurt, eggs and milk is shared after being fried and served with ground walnuts. Cukurca Tahin desert - Sesame seeds grown in Cukurca region are roasted in low heat and used in tahini production. It has a special aroma.

After lunch you will depart to city center for free time and shopping before returning to your hotel. After the tour drop back to your hotel. Overnight in Hakkari.

Day 4 : Hakkari Cukurca Tour

Breakfast and Lunch Included

Pick up from the hotel after breakfast. The first thing that comes to mind when it comes to Hakkari is undoubtedly the Zap Water. Zap Water passes from the west of Cukurca district to Iraqi territory. It grows with some streams it receives while crossing in Bashkale Valley. The most important source that it feeds is Karasu and determines the borders of Hakkari -Van, Yuksekova, Bashkale, Ormeta and Kunin respectively. Rain, snow and glacier-fed waters in the spring and early summer with the Zap River surging waters during the winter months would be one of Turkey's fastest flowing rivers. We move to Cukurca through the Zap Valley. It is also an open-air museum with the visual forms of the valley through which the stream flows. In addition, the steep and deep valleys along the Zap Stream are very rich in terms of both cruise and presentation. Throughout the valley, we will be able to see waterfalls, endemic plants and perhaps reverse tulips. We will see and illustrate Cukurca Castle and multi-storey stone houses in Cukurca. Return to our hotel in Hakkari. Overnight in Hakkari

Day 5 : Turkish Bath In Hakkari Tour
