ITINERARY

Day 1 : Daily Kas City & Myra Ancient City Tour

We will pick you up from your hotel early in the morning. First station is Ancient Theatre at Antiphellos The Lycians knew how to build a city. They had this beautiful view every day of their lives. But we're sad to say that not much of Antiphellos has survived today, except for the theater. Upon entering the theater, you'll feel isolated from everything else. The seating area is the perfect spot for watching the sun go down. Then we will depart to Long Bazaar and King's Tomb which you'll see shops selling handcrafted jewelry and various kinds of souvenirs, as well as the King's Tomb. And our last and important station is Myra Ancient City which is known for the ancient city of Myra, St. Nicholas (Santa Claus) Church and its blue crabs, is located 40 minutes away from Kas. St. Nicholas Church, which is an important place for Christian pilgrims, has Santa Claus-related activities every year on December 6th. [Click here for the location.](#)

End of the tour return to hotel.

We hope your tour was a memorable one and we look forward to seeing you in the future on another tour. Have a safe trip back home and thanks for choosing us.
