ITINERARY

Day 1 : Da?ly Erc?yes Mounta?n Tour

We will pick up from your hotel and go to Erciyes.

Erciyes (Argaeus) Mountain Ski Tour from Cappadocia starts with pick up from hotel or airport. We will continue to Mount Erciyes.

Argaeus (Erciyes) Volcano is the highest and most famous volcano of the Cappadocia that last emitted smoke 2,000 years ago. Today it is a dormant volcano but still impressive with its fantastic quality of

snow for skiing.

On the way, you will see how much the silk road has changed over the last 800 years. It became one of the most important highways of Turkey for trucks, buses, cars etc. instead of camels and horses.

We pass through small villages and towns and see local people.

After arriving at the Volcano, you will go to rent equipment like ski gear. Under the leadership of one of the ski instructors, you will learn how to ski in half an hour.

Then you are ready for fun on the snow. You will have roughly three hours of ski experience and try other activities. After end of the day, our tour ends and we leave our valued guests with sadness.

We hope your tour was a memorable one and we would like to see you in the future in one of our tours again. Have a nice trip back home and thanks for choosing us.
